

A Tempting Jingle

It's a pleasure to share the news of a tempting jingle for an Icecream and Chocolate making brand that has been created by US. From the lyrics to the music, the complete jingle which has been composed by the team of Uni Square will tempt you to crave for the brand's exotic flavours.

Congratulations to the team, especially to Apoorv Sharma and Ishaan for overcoming all hardships and producing exemplary results.

We are waiting for the jingle to be launched!
