

COUNCIL FOR  
**GREEN**  
REVOLUTION

---

PLAYING OUR PART  
FOR ENSURING A  
SUSTAINABLE FUTURE

---

# WHO WE ARE

Founded on Earth Day, **22nd April 2010**, the Council for Green Revolution (CGR) strives to positively contribute to **environmental policy**, conservation of the environment, and **sustainable development goals**.

## VISION

Foster earth-conscious and responsible individuals who will safeguard, conserve, and advocate for the well-being of both the environment and society.

## MISSION

- Inculcate values-based learning, habits, behaviour, and approaches to life in young children.
- Promote environmental education and earth leadership in children and Youth.
- Motivate and involve youth and teaching fraternity in the adoption and advocacy of environmental causes.

The council comprises of **eminent environmentalists, ecologists, naturalists**, and other environmentally conscious citizens and organizations.

## SISTER ORGANIZATIONS

### GREENS' ALLIANCE FOR CONSERVATION OF EASTERN GHATS (GRACE)

Founded on 5th June 2011, with the mission of facilitating a concerted effort for the conservation of the Eastern Ghats.

### THE COUNCIL FOR EARTH LEADERSHIP AND SUSTAINABILITY (CELS)

Established at Anmaspally, near Hyderabad, on Srisailem highway, to nurture earth leadership for the sustainable future of the earth.

# ACTIVITIES & PROGRAMMES

## LEADERSHIP FOR EARTH AND THE FUTURE (LEAF)

LEAF is a unique intervention for **young children in rural areas** of Telangana to ingrain in them **environmental, societal, and ethical values** with an eye on creating future **Earth Leaders**. Additionally, it helps them with their regular school work through carefully selected teachers as mentors who are graduates from the same village. We bring out a monthly newsletter **Chaitanya Deepika**.

## YOUNG EARTH LEADERS PROGRAMME (YELP)

YELP is focused on creating Earth Leaders among the school children from 6th to 9th class. This programme creates awareness in them about all the aspects of the earth so that they begin to revere it as a basis for their existence and be ever grateful to Mother Earth. They are motivated to practice sustainable solutions by adopting a Lifestyle for Environment (LiFE) based on a minimalist lifestyle adapted to the ecosystem in which they live. Eventually, they would promote and live by the principle of Vasudhaiva Kutumbakam or "One Earth, One Family, One Future".

## EARTH CENTRES ALLIANCE (ECA)

ECA conducts programmes for university students and faculty to create awareness and motivate them to organize programmes and adopt environment-friendly lifestyles and become champions for the cause of sustainability.
