

Chetak Industries

Pioneers of Industrial Packaging

ABOUT US

Chetak Industries is a premier packaging material manufacturer in India, boasting over three decades of industry expertise.

Our niche lies in crafting personalized, eco-friendly packaging solutions, such as Rubberised Boards, Interleaving Paper, Paper Angle Boards, Masking Films, and Stretch Films, all meticulously subjected to rigorous quality control protocols.

Our efforts have garnered us numerous accolades, including the esteemed “Best Vendor” recognition from Hindalco Industries Limited on multiple occasions.

As an FSC-certified company, we’ve solidified our standing in the market. Established in 1993, our sterling reputation is underpinned by a 30-year record of flawless material deliveries, free from rejections or complaints. We hold a strong commitment to social responsibility and conducts operations with a steadfast focus on sustainability.

MISSION

To provide high-quality products at competitive prices while actively contributing to environmental conservation.

VISION

To achieve global recognition in the packaging industry while consistently delivering eco-friendly packaging solutions.

CORE VALUES

Chetak Industries has been able to hold a strong position in the market because of our robust systems, procedures and work ethics.

TEAM WORK

LEADERSHIP

Under the visionary leadership of our founder and chairman, Mr. Vivek Sah, Chetak Industries has transformed from its inception into a prominent player in the industrial packaging sector.

With a remarkable presence across the nation, our company has flourished under his guidance. With over three decades of industry experience, Mr. Vivek possesses profound business acumen, specializing in devising innovative strategies for optimal resource utilization and the consistent delivery of exceptional-quality products.

We have consistently led in innovation, setting new industry standards.

As we commemorate 30 extraordinary years that have shaped Chetak Industries into a symbol of quality, cost-effectiveness, & customer dedication in the Industrial Packaging sector, I'm privileged to have witnessed & contributed to this journey. Our success foundation is built on an unwavering commitment to customer satisfaction.

GR NAGAR (CEO)

Boasting over four decades of experience, our co-founder & CEO, Mr. GR Nagar, has played a pivotal role in shaping the growth trajectory of Chetak Industries. His exceptional innovation is underscored by his strong technical & analytical abilities, driving continuous enhancements to our product offerings. As our guiding force, his dedicated efforts have propelled the company towards a state of robust excellence.

SHRIVATS SAH (PARTNER)

Mr. Shrivats Sah, renowned for his dynamic personality & revolutionary mindset, is a true innovator. His proficiency in digital transformation has played a pivotal role in propelling our company's growth. Armed with a Master's degree from the prestigious IE Business School in Madrid, he has garnered distinctive recognition. He is dedicated to achieving superior results by embracing novel and cutting-edge tools and machinery.

DEVANSH SAH (BD HEAD)

Mr. Devansh Sah, renowned for his strategic mindset & formidable marketing skills, has meticulously built a client roster comprising top-tier companies. His expertise is further fortified by the completion of the esteemed Global Family Managed Business Course at the S.P. Jain School of Global Management. His outstanding capabilities in market research have positioned Chetak Industries as a standout entity in the industry.

OUR PRODUCTS

Chetak Industries offers customised packaging solutions with a focus on quality and environmental friendliness.

We deal in the manufacturing of varied products including Rubberised Boards, Interleaving Paper, Paper Angle Board (both laminated and non-laminated), Masking Film/ Guard Film) etc.

Our Specialisation: RUBBERISED BOARD

With over 30 years of expertise in packaging material manufacturing, Chetak Industries specializes in manufacturing Rubberised boards. We source top-quality raw materials from responsible forests to ensure exceptional board quality.

Renowned for **high tensile strength**, flexibility, and a **high bursting factor**, our boards are favoured not only in the aluminium and steel industries but also globally. Customizable with screen-printed logos and details, they establish a distinct brand identity.

STRETCH FILMS

Chetak Industries produces stretch films tailored to our client's specific needs and preferences. These films come in various widths and microns to accommodate different requirements.

Additionally, we provide options for printed, coloured, VCI (Volatile Corrosion Inhibitor), and UV-coated stretch films, ensuring versatility and customization to meet diverse packaging demands.

ANGLE BOARD & OD PROTECTORS

We offer tailored manufacturing of Angle Boards & OD Protectors, precisely meeting customer requirements in various sizes, with or without lamination. Angle Boards fortify the corners of stacked pallets, enhancing strength, stability, and protection. When employed as pallet framing, they enable safe pallet stacking without crushing the loaded pallet below. O.D. Protectors, as the name implies, safeguard the circumference of cylindrical products.

MASKING FILM/ GUARD FILM

Chetak Industries is a leading manufacturer of surface protection film, catering to the aluminium and steel industries to safeguard their products during export. Our surface protection film offers temporary shielding for hard surfaces, defending against dirt, paint spills, dust, construction debris, and damage. What sets our masking film apart is the high-quality adhesive, imported after extensive research and development.

INTERLEAVING PAPER

Interleaving paper is a critical liner used for safeguarding precious metals, engraved plates, & integrated circuits, where purity is of utmost importance, demanding precise pH levels.

We provide both bleached & unbleached interleaving paper in various GSM. Our acid-free interleaving paper is the result of intensive research & development tailored to the specific industry's needs. We have earned recognition from the Steel Authority of India Limited, for our contributions to this field.

EVA Foam/ Spacers

Its highly specialized and customized nature demands a high degree of precision, and it stands out as a cost-effective solution. This versatile product goes by several names, including MCR sheets, spacers, anti-skid pads, cushion sheets, and EVA cushions. MCR sheet serves a range of purposes, including storage, protection, and cushioning.

Chetak Industries has earned worldwide acclaim and recognition for its exceptional performance and reliability.

CORRUGATED BOXES

Our corrugated boxes are perfect for securely packaging, storing, and transporting your products.

They come in a variety of sizes and thickness options (ply) and can be customized with printing to meet your specific needs and preferences.

PP BUBBLE GUARD SHEETS

Chetak Industries offers a diverse selection of PP Bubble Guard Sheets, featuring different sizes, colours, and thicknesses.

We take pride in providing customized options, catering to both printed and non-printed Bubble Guard Sheets, tailored to your unique needs.

MANUFACTURING

With our efficient team and advanced technology, we consistently meet stringent deadlines and provide competitive pricing to our clients.

Chetak Industries boasts state-of-the-art manufacturing facilities located in Shivdaspur and Bhadohi Road, Varanasi. These plants are equipped with cutting-edge machinery and tools, enabling remarkable monthly production capacity.

Our commitment to product quality is upheld by our diligent R&D department, which conducts thorough research to ensure premium-quality outcomes.

We implement rigorous quality control measures, including testing raw materials and finished products at various stages. Additionally, we maintain an in-house laboratory for regular quality parameter checks.

Chetak Industries is dedicated to fulfilling our social responsibilities and has implemented measures to minimize environmental impact, reflecting our commitment to sustainable practices.
