DHANESHRA ENGINEERING WORKS

***WE ARE KNOWN FOR
SAFETY, QUALITY, RELIABILITY
& EXCELLENCE***

ABOUT US

We have successfully **leveraged our core strengths** to implement several **iconic infrastructure projects** in India with our **vibrant project portfolio**.

Dhaneshra Engineering Works is a **prominent infrastructure company** in India. Established in **1982**, we hold expertise in providing all types of construction services to our customers. **Headquartered in Sonebhadra, U.P.**, we produce Ready Mix Concrete across different parts of India with proper **QA/ QC laboratory setup**.

We are specialized in the Fabrication & Erection of Steel Structures, Fly Ash Disposal pipelines, Hot water pipelines, Laying and Jointing of HDPE and DI pipes, etc.

We strive to fulfill our **commitment towards** the timely execution and delivery of the project. Holding **expertise of more than 40 years**, Dhaneshra Engineering Works has developed and maintained strong relationships in the industry because of our **ethics, morals & commitment** to providing the best. Our high-end machinery & equipment does not compromise on **safety & sustainability**. DEW has developed **megastructures and iconic landmarks** with a workforce of more than 500+ highly qualified civil and mechanical manpower.

MISSION

To become the industry leader by maintaining the highest level of quality in all types of construction activities.

VISION

To become a primary choice of customers by delivering world-class services & diversifying into various aspects of the infrastructure industry.

LEADERSHIP

Dhaneshra Engineering Works is well led by its directors **Mr. R.L Yadav & Mr. Satendra Yadav.**

From working as a daily wage earner to establishing one of the leading construction companies in UP, **Mr. R.L Yadav** has garnered immense **knowledge and experience** in the **construction industry**. With an expertise of more than **40 years**, he has a strong knowledge of all aspects of the infrastructure industry.

He is a **man of morals** and has made Dhaneshra Engineering Works reach a remarkable position in the market with his strong business **acumen and knack to lead powerfully**.

R.L YADAV | FOUNDER & DIRECTOR

SATENDRA YADAV | DIRECTOR

With new-age ideas and innovation, our director **Mr. Satendra Yadav** joined DEW in 2018 after completing his post-graduation in MBA. He has worked in **numerous leading companies** such as **Essar Ltd and Paharpur Cooling Towers Ltd.** With his **passion, enthusiasm and knowledge**, he has shaped Dhaneshra Engineering Works into a more **organized & systematic firm**. He is well-versed in all the technical and mechanical aspects of the construction industry and has garnered us a **stronghold in the market**.

CORE VALUES

We strongly value our **ethics and code of conduct**. DEW has been able to make an indelible mark in the industry because of our **systematic approach and high moral values**. We build **trust through responsible actions** and honest relationships with the **highest standard of fairness** and ethical behaviour. The **safety of our employees** is of utmost importance to us.

TRUST

We have built trusted relationships by working honestly, professionally, and dedicatedly.

INTEGRITY

We carry out our operations with integrity & believe in complete transparency & honesty.

SAFETY

We pay attention towards the high-quality safety of our manpower & equipment & take concrete steps to spread safety awareness.

TEAMWORK

DEW creates a collaborative work environment where every team member gets an opportunity to grow and excel.

OUR SERVICES

We have served various **private and public customers** in the **industrial, manufacturing, corporate, education, aviation, and retail markets.**

DEW specializes in the execution of large and complex urban & industrial infrastructure projects and has become one of the leading companies in Uttar Pradesh.

With a strong focus on safety & quality, Dhaneshra Engineering Works provides responsive and cost-effective solutions to our customers.

RMC SUPPLY

We supply ready-mix concrete (RMC) to our clients for the construction of power projects, roads, dams, buildings, etc. Utilizing our high-end automatic batching plants, we produce premium quality concrete mix. We are well equipped with an in-house quality control laboratory to run regular quality checks. Our QA/QC Laboratory setup includes NABL and ISO 9001 approved tools and equipment for testing sand and aggregates, cement, admixture, concrete mix and concrete cubes.

FABRICATION & ERECTION OF STEEL STRUCTURES

We have developed strong expertise in providing fabrication & erection solutions to our customers. Our strong team of engineers is well-qualified in the fabrication and erection of hot water pipelines, fly ash disposal pipelines, and laying and jointing of HDPE and DI pipes. We use high-end Automatic Welding/ Cutting Machines and Plate Rolling Machines for on-time delivery of services to our clients.

RENTING OF HIGH-END EQUIPMENT & MACHINERY

With our expertise and knowledge, we have added various ultra-modern machinery & equipment that focuses on the safety & sustainability of the projects. We rent all types of civil and mechanical equipment and machineries such as Batching Plant, Transit Mixers, Concrete Pumps, Boom Placers, Backhoe Loaders, Plate Rolling Machines, Welding Machines, High Capacity Hydra Cranes and many more.

BUILDING WORKS

DEW specializes in constructing high-quality infrastructure. We are trusted by private & public sector owners to deliver on time and within budget.

MACHINERY & EQUIPMENT

Dhaneshra Engineering Works is **well equipped** with all the **necessary machinery & equipment** with **high-end modern technology**.

We outperform our competitors in terms of performance and productivity. We have deployed a considerable quantity of necessary equipment for our mechanical and civil needs.

MECHANICAL WORK EQUIPMENT

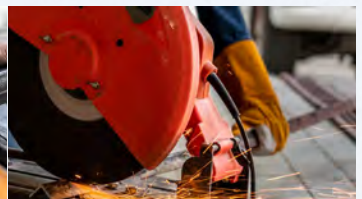

PLATE ROLLING MACHINE

WELDING MACHINES

GRINDING MACHINE

CUTTING MACHINE

TOWER CRANES

DIESEL GENERATORS

HYDRA CRANES
9 TONS TO 25 TONS

AUTOMATIC WELDING MACHINE

CIVIL & RMC EQUIPMENT

BATCHING PLANT

CHILLER PLANT

SELF LOADING MIXER

TRANSIT MIXER

STATIONARY CONCRETE PUMP

BOOM PLACER

BOOM LOADER

WHEEL LOADER

BACKHOE LOADER

HYDRAULIC EXCAVATOR

RMC LABORATORY

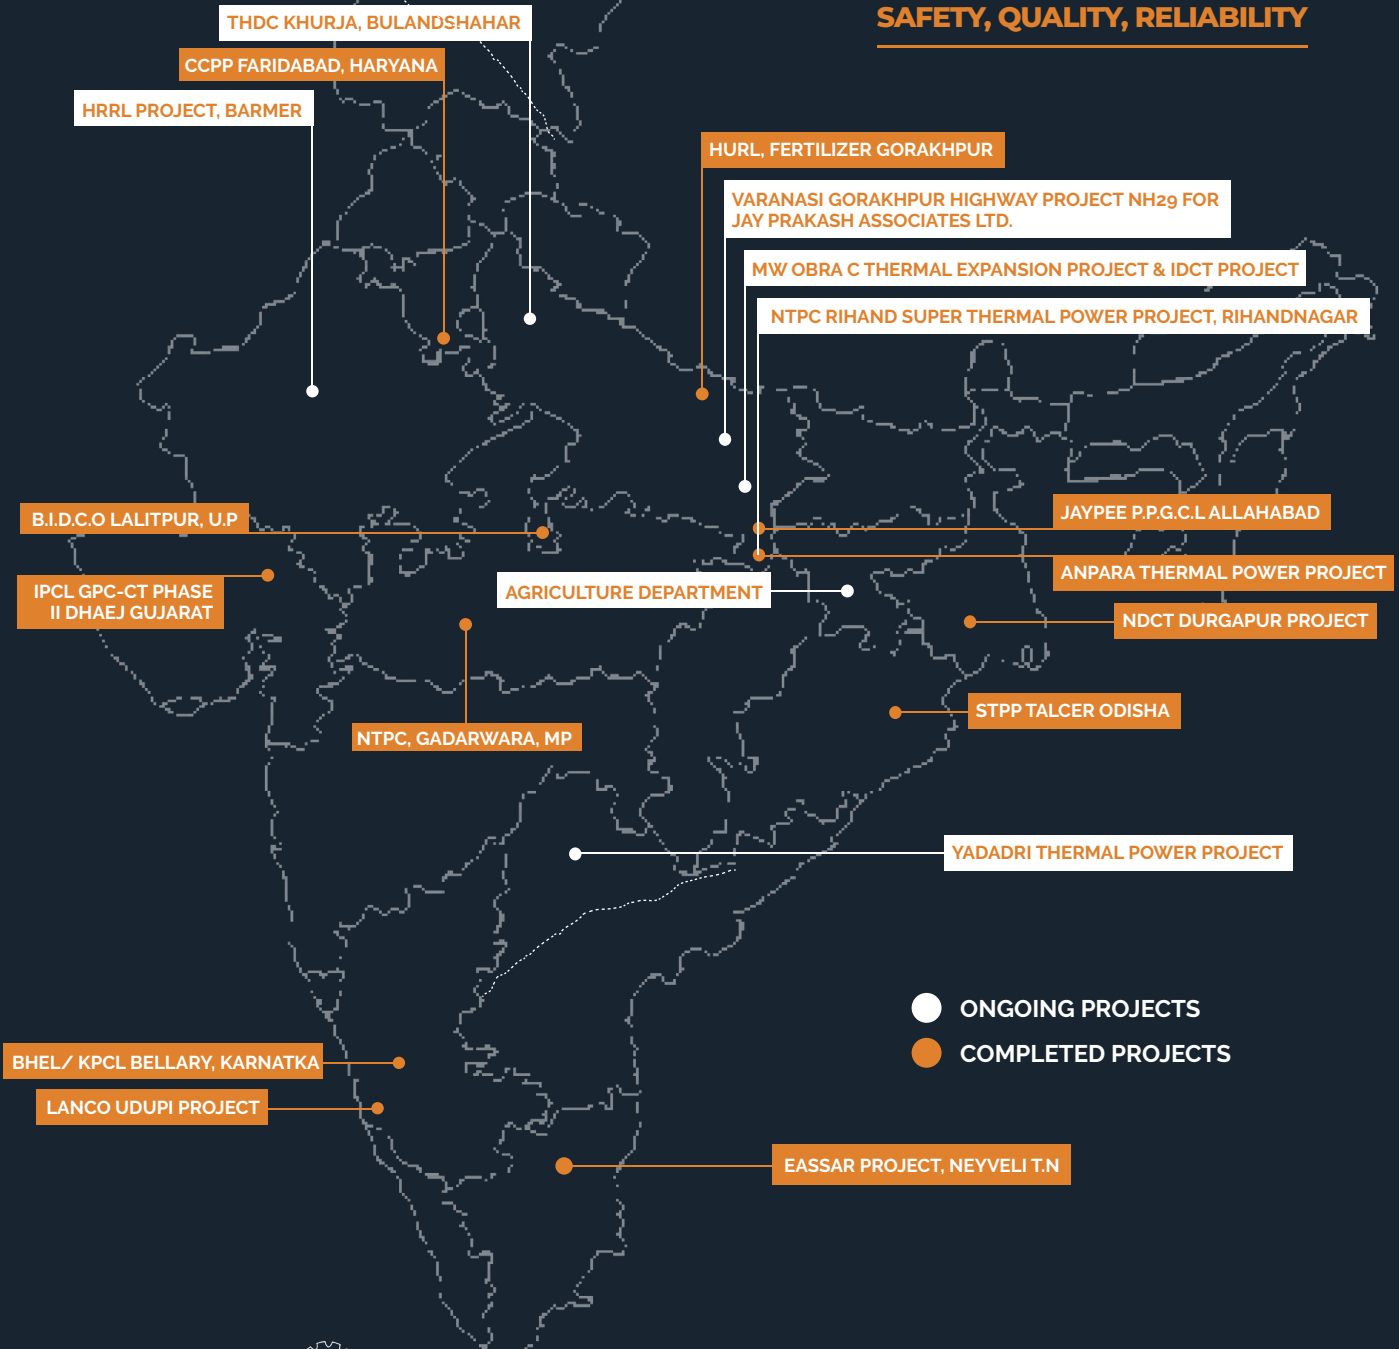

TRUCKS

OUR CLIENTS

With a **strong presence** across the country, we have been **delivering consistent quality work on time.**
