## JHR MILLS

JHR Mills is a flagship company of JAGSUN GROUP with an area format of about 40 acres. The company has a direct and indirect customer base, which is spread across the globe. The name 'JAI HANUMAN RICE & GENERAL MILLS' exemplifies Hanuman, a Hindu deity who was an ardent devotee of LORD RAM and spent his time serving others. The company carries the same principle and puts efforts to provide the best experience and quality products to all the stakeholders and people associated with the organization. At JHR mills, we are passionate about producing the best quality rice, not only through the acquired ultra modern machineries, but also with hard work and devotion. JHR Mills is recognized as an organization, engaged in exporting a comprehensive array of Rice having rich aroma and premium taste.

The company is backed up by a team of proficient and diligent professionals who help us in meeting the ever-changing demands and requirements of our valuable clients. Our team of dedicated and committed professionals work efficiently to understand the demands of clients and possess in-depth knowledge and experience in their relevant working domain. The company organizes Special training programs for the employees with a perspective to keep them aware of the latest trends and technology. Our dedication and endless efforts mount us to be competent in order to acquire a significant position in the competitive market.

The infrastructure of JHR mills sprawls over a wide area of about 40 acres, equipped with all the requisite facilities. It also acts as a vital role in the success and achievement of the organization. For systematic and smooth business operation, our infrastructure is segregated into varied departments such as quality testing department, administrative department, R&D department, sales and marketing department, and others. The departments together, work in a very close coordination with each other, which assist to deliver our committed quality services and also work towards the success and achievement of the company.
