

# Draft Smart

Stay Safe | Stay Legal

## DRAFT SMART

Traditionally, legal documentation has been cumbersome and time consuming, be it for lawyers, laymen, startups or large multi-national companies. Drafting tools used by practitioners have remained unchanged for decades, which has made documentation a dreadfully outsized and time-consuming part of our lives.

Having found conventional drafting corrupted with long hauls and rugged follow-ups, we felt the need for a better and efficient way of drafting documents. So here we are, rephrasing the concept of drafting to transform the way legal documents are prepared, by adapting to technology in our pursuit with an automated time efficient drafting platform.

## OUR PURSUIT

Our pursuits are primed at creating an instinctively easy to use drafting tool to improve draft quality and increase work productivity, while making your experience time efficient. In creating a tool for document automation and customization, we welcome the conventional to parley and provide as we preserve and evolve to a new platform with old essences.

## VISION

Envisioned to fulfill legal needs and demands by enabling document automation and customization for everyone.

**“WE ARE NOT CHALLENGING THE OLD SYSTEM. WE ARE CREATING A NEW ONE.”**

At LegalSpell, we attempt to provide one stop drafting solutions for legal practitioners, law offices, Chartered Accountants, professionals, corporates, freelancers, NGOs and businesses.

We understand that the advances made in our digital age have outstripped conventional drafting tools, making the preparation of even the simpler drafts a dreadful and time-consuming ordeal.

By imbibing these technological strides, LegalSpell provides document automation and customization to improve work productivity with reduced costs.
