

# MEDICOOL ENGINEERING & ALLIED SERVICES

AN ISO 9001-2015 CERTIFIED COMPANY

Where quality is the priority

# About us

Medicool Engineering and Allied Services is a healthcare service provider located in Najafgarh, New Delhi. We focus on hospital turnkey projects and in doing mechanical installation of Medical Equipment. Our in house team also caters to providing after sales services support for repair and maintenance of third party equipment.

Established in 2005, we work towards providing quality service to our clients by using the latest high performing tools and equipment. Our corporate office spans over an area of 4,500 sq. feet. and includes a warehouse workshop and machinery unit, apart from the other operating divisions.

Our product range includes quality medical instruments. We have developed an expertise in the installation of machinery and equipment for MRI Scan, CT Scan, Gama Camera, Pet CT, Digital X-Ray and Cath-Labs.

Additionally, we also provide after sales service and assist in the maintenance of third party equipment. Such services include chiller maintenance, shield cooler repairing, helium filling, etc. Material supply for the healthcare industry, in accordance with the requirements of customers, is another area which we cater to. The experienced team of Medicool Engineering and Allied Services also boasts of working in several prestigious turnkey projects for hospitals and clinics.

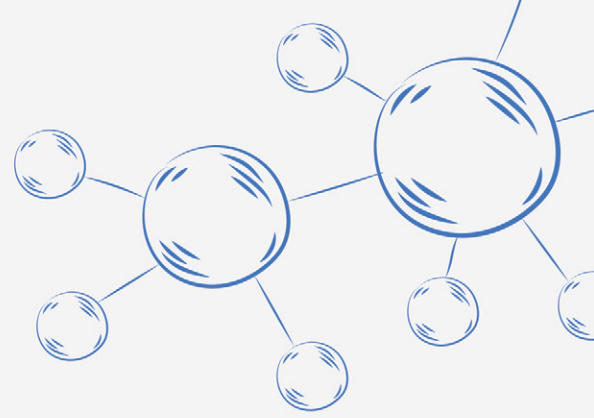

## WHY CHOOSE MEDICOOL

Our setup is well-equipped and plays a key role in maintaining high service standards. Medicool Engineering and Allied Services was established under the expert guidance of its promoter Mr. Juned Alam, who has been successfully leading the team right since its inception.
