for vehicles, homes and offices

**Delhi | Gurugram | Faridabad | Noida | Ghaziabad**

# ***Who we are***

RakshaKavach is a specialised professionally managed firm focused on sanitization and disinfection services. RakshaKavach, with its technical team, uses technology, equipment, government approved quality materials/ products in order to control Novel CoronaVirus and infections. RakshaKavach is your only reliable and professional service provider for sanitization and disinfection of your car, home and office.

# OUR SERVICES

# ***Disinfection of Homes, Villas & Farmhouses***

Sanitizing the house regularly is very important. Whether it is kitchen, bathroom, dining, bedroom, study room, servant quarter, store room or it is floors, doors, windows, grills, door knobs, it is always good to clean and wash them with good and reputed products on a regular basis.

We provide specialized disinfection services depending upon your work, nature of premises, no of visitors and location. Our services are suitable for:

- Flats & Apartments
- Farms Houses
- Residential Villas & Bungalows
- Condominium and other big spaces

# ***Disinfection of Vehicles***

Vehicles are a place for bad bacteria and infections. It is very important that we clean our cars on regular basis and get them sanitized and disinfected.

Proper cleaning, sanitization and disinfection process substantially reduces the presence of harmful germs, bad bacteria, protecting from Coronavirus as suggested by WHO and Government of India. We disinfect:

- Private Cars & SUVs
- Office Cabs
- All types of commercial vehicles

# ***Disinfection of Offices & Institutions***

Office, shops, showrooms and factories etc. usually have large number of people at one place, for a longer period of time. A thorough disinfecting of the entire office space sanitizes, cleans and purifies the overall office. Other institutions like schools, hospitals, hotels, gyms, diagnostics chain and food processing zones can also benefit from our services. We provide our services for:

- Commercial Premises
- Educational Institutes
- Healthcare Centers

# ***The products used by us are:***

- Harmless for Humans
- Non Invasive
- Eco Friendly
- Safe for Children
- Pet Friendly
- Approved by Concerned Authorities
- Produced by World Leading Manufacturers

# ***Our disinfection service:***

- Kills microorganisms including HIV-1, Coronavirus, VRE, MRSA, GRSA, VISA, PRSP, Herpes Simplex Types 1&2, Influenza Type A2, Adenovirus, Rotavirus and many more.
- Kills the organisms that cause odors and works as an odor counteractant to further eliminate odors not associated with bacteria.
- Is a highly effective formula that provides excellent one-step, cost-effective cleaning and disinfection.

***Our team  
FOLLOWS all  
SOPs and wears  
PROPER  
protective  
equipment.***
