

FROM SLUMS TO SCHOOL

NIRMAL SEWA
(GURU NANAK GARIB NIWAJ EDUCATION SOCIETY)

AN INSTITUTE FOR LESS PRIVILEGED CHILDREN

“True charity is the one which makes one free from charity. I have carried forward the teachings of Guru Nanak Dev Ji, who preached against discrimination of all kinds and looked upon everyone as children of God. I want to help these young lives to have a future, to have dreams and to have the courage to fight for their rights.”

-Sant Baba Amar Singh Ji

ABOUT US

Nirmal Sewa is an institution meant to uplift the less privileged children of our society by providing quality education, food, clothing/school uniform, books, stationery, medical attention, nutritional supplements with a lot of care and support.

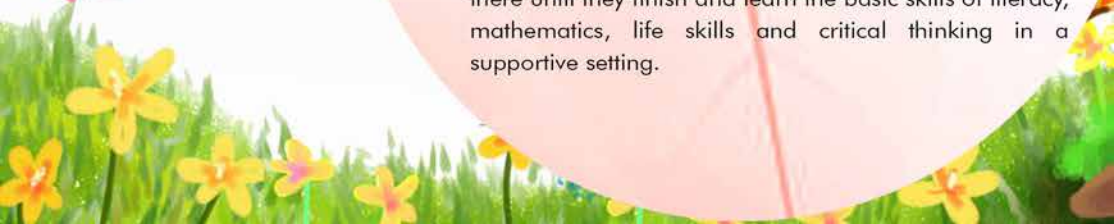

This school was founded in 2006 by Sant Baba Amar Singh ji with 12 children who were working at the construction site. With few volunteers then, they would get these children, bathe them, dress them, teach them and also feed them. Over the years, with a team of dedicated volunteers and many kind hearted people, the school now educates more than 600 children from the nearby slums belonging to different religious backgrounds. These children before coming to the school were often forced into begging, picking garbage and drug addiction at an early age. With most of the parents being daily wage labourers, their income is uncertain, irregular and two meals in a day is nothing less than a dream. The idea of this school is to promote secular thoughts and respect for each child. Everything provided to these children is **FREE OF COST!** Not a single penny is charged from any child or their parent. We do not get any funding from government or the private sector. The entire school is run by charity and donations from various kind hearted people.

MISSION

Our mission is to bring real and lasting change to children living in poverty. In partnership with donors, we try to reduce their daily struggles and invest in their potential. The idea is to provide them with the opportunity to grow up into healthy and educated individuals who would be prepared to succeed and contribute to the society.

Nirmal Sewa is committed to ensuring that all girls and boys are able to realize their full potential. We know that children will flourish if they are able to go to school, stay there until they finish and learn the basic skills of literacy, mathematics, life skills and critical thinking in a supportive setting.

WHAT WE DO

An investment in education is an investment towards a peaceful future. We know from our experience that most kids missing out on the benefits of education are from vulnerable groups. They originate from indigenous families, migrant groups or minority groups. They are often disabled, orphans or homeless, and run a big risk of being abused or exploited. We, at Nirmal Sewa, are focused on:

- Eliminating poverty through education and upliftment in nearby slums like Madangiri, Govindpuri, Dakshinpuri and several other JJ colonies
- Imparting values and lessons for a brighter future of the children
- Giving girls a voice by educating them and enabling them to plan their future
- Addressing health issues through regular vaccinations, medical check ups, curative care and medicine
- Providing nourishment in the form of freshly cooked vegetarian meals, nutrition screening and rehabilitation
- Supporting the children through free of cost material aid like shoes, uniforms, school supplies and transport
- Investing in the future of the children to make them more independent
- Protecting children from violence and abuse and delivering targeted programs to address this issue
- Working with the communities and involving the students' families in regular discussions

CHILD SPONSORSHIP

Child sponsorship is an amazingly powerful way to help one poor child break the bonds of poverty. As a sponsor, you'll be amazed by how much can be accomplished with so little as you connect with an individual child who desperately needs your help. You can provide life changing benefits to a child through a sponsorship:

- Your sponsorship ensures your sponsored child receives support through every phase of his or her young life.
- Sponsorship is your chance to build a lifelong friendship with a child in poverty
- It provides health and dental care, as well as medicine and nutritional support to help your child stay healthy.
- Your sponsored child will receive basic necessities like school supplies, medical support and school uniforms so that poverty doesn't stand in the way of his or her education.

Suggested minimum donation per month per child: Rs. 1000.00 per month.

INSTITUTIONAL SUPPORT

Nirmal Sewa welcomes foundations, corporations, schools and other institutions to come forward and join us in an attempt to protect the rights of children and the youth to good health, access to a decent education, and the opportunity to reach their potential and become self-sufficient.

- The high premium we place on accountability provides the basis for trust with the community and our partners.
- Nirmal Sewa welcomes the opportunity to work with NGOs, Trusts and the Public and Corporate Sector for working towards their corporate social responsibility and also to achieve lasting change through community development.
- Our initiative is focused on building capacity and participation with the children and youth, their parents and a variety of local partners to create impact and sustainable progress.

Nirmal Sewa and our partners serve as catalysts through this process where the participants take responsibility for identifying and solving local challenges. It is your donations and fund raising which enable us to continue to expand the areas we are working in and all donations, however large or small, are much appreciated.

STUDENT VOLUNTEERING

We offer a fantastic voluntary internship scheme (for student volunteers – Class XI upwards- there is no age limit) that allows you to develop your skills, experience and confidence within a structured, rewarding and challenging voluntary placement that can fit around other commitments.

Our volunteer internships are 3 weeks long (minimum) or for 15 working days and designed to be between 15 to 20 hours. The objectives of each role are all based around the completion of a particular project that allows your contribution to be of value to our organisation and your career.

Each volunteer will be expected to take on a project as per their interest and our requirement- for example:

- Mentoring a student.
- Assisting a teacher.
- Taking a hobby class- dance/ music art/ theatre technology etc
- Story reading
- Online fund raising campaigns.
- Coordinate a donation drive
- Website support.
- Holding a summer camp or by taking a class during the camp.
- Any other project.

At the end of the internship, the volunteers will be given a letter of appreciation. Please keep in mind, while applying for an internship with us please send us a note on a project you would like to undertake, your preferred dates, and your full resume with a photograph.

HOW DOES YOUR SUPPORT HELP

The work which Nirmal Sewa undertakes is only possible with the help of our supporters. Each and every donor and volunteer has a role to play to ensure that all our children irrespective of their background, religion or sex have the opportunity of receiving a free primary education and the ability to learn to read and write. We value all our supporters and volunteers equally no matter the size of the contribution you make to our work.

Your support helps us to give children, families and communities the services they need to protect children from violence and abuse both at home and outside:

- High-quality, low-cost, and appropriate interventions to address gaps in the education system;
- Enhance stronger community awareness about the dangers and vulnerabilities that children face;
- Scaling up of infrastructure, resources and processes to handle increased number of students year by year
- Rescue services for victims;
- Rehabilitation (i.e. counselling) and nutrition and healthcare;
- Life skills training and vocational training;
- And advocacy — on local and national levels — on issues such as birth registration, legal rights of women, vaccinations, the education of girls, secularism and religious tolerance, child trafficking, child labour, child marriage and child rights.
