ABOUT US

Empowering Underserved Regions with Sustainable Solar Solutions

Reparo Energy Pvt Ltd is a renewable energy company recognised **start up as per Govt of India DIPT No, registered at 1497**, 2nd Floor, Wazir Nagar Kotla Mubarakpur, New Delhi 110003 & office at B 39, Phase 2, Okhla Industrial Area, New Delhi 110020.

Founded with a mission to bring sustainable energy solutions to underserved regions, the company specializes in the design, installation, and maintenance of solar power projects.

With a strong focus on empowering local communities and fostering economic growth, profits with purpose. Reparo Energy has emerged as a trusted name in the renewable energy sector.

OUR PHILOSOPHY

Mission

To harness the power of the sun and empower communities through clean energy, while creating sustainable livelihoods and contributing to environmental preservation and at the same time earning profits with purpose.

Vision

To be a driving force in transforming the energy landscape of India, bringing affordable and reliable solar power solutions to every corner of the country.

Key Services

Solar Power Project Development: Reparo Energy excels in the **development of grid-connected** and off-grid solar power projects. From **conception to completion**, the company ensures seamless execution, adhering to the highest industry standards.

Operations & Maintenance: With a skilled workforce and advanced technology, Reparo Energy provides comprehensive O&M services for solar power installations. Their proactive approach ensures optimal plant performance and increased energy yield.

Training and Skill Development: As part of their commitment to rural development, Reparo Energy conducts training programs for local youth, empowering them with solar technical skills and employment opportunities in the renewable energy sector.

Solar Consultancy: The company offers expert consultancy services to government agencies, businesses, and organizations seeking to integrate solar energy solutions into their operations.

MAJOR CLIENTS

SECI (Solar Energy Corporation of India)

Reparo Energy has forged a strong partnership with SECI, a Government Enterprise dedicated to promoting Solar Energy across India. The company has been entrusted with the operation and maintenance of solar power plants at Port Blair, showcasing its reliability and expertise in ensuring the efficient performance of these critical Energy Assets.

JKEDA (Jammu & Kashmir Energy Development Agency)

Reparo Energy's collaboration with JKEDA signifies its commitment to expanding renewable Energy infrastructure in the challenging terrain of Jammu and Kashmir. Through this partnership, the company contributes to the development of clean energy solutions in the region.

Adani Group

The Adani Group, a prominent player in the Indian Energy Sector, has entrusted Reparo Energy with the maintenance of its solar power stations. This partnership underscores Reparo's reputation for providing high-quality services to esteemed clients.

Mudra Solar

Reparo Energy association with Mudra Solar further solidifies its presence in the renewable Energy Sector. The company's ability to maintain and optimize solar power plants has made it a preferred choice for both established and Emerging players in the industry.

ACHIEVEMENTS

Successfully operated and maintained multiple rooftop solar PV power projects in challenging terrains and off-grid areas in Jammu and Kashmir , Ladakh, Port Blair.

Empanelled with prestigious organizations like JKEDA and SECI, securing work orders for large-scale solar installations.

Empowered hundreds of local villagers through training programs, generating sustainable employment opportunities.

Commitment to Sustainability

Reparo Energy is committed to reducing the carbon footprint and combating climate change. By promoting solar energy adoption, the company contributes to a cleaner and greener future for generations to come.
